Sh is with home folks this week. — Jake Wallin was with his brother, E. Wallin, Saturday. — We understand that Brodhead is to have a Postal Savings Bank, May 1st. — J. W. Tate is in Louisville this week. — Homer Wallin was in town last week. — I. R. Storm, who was reported sick last week is no better. — Walter Robins and Henry Anderson were in at Vernon, Wednesday evening.

KENTUCKY SPRING
CLEANING.

An effort to have the entire State observe April 19-20 for general cleanup days is being made, and the Governor has been asked to co-operate in having this done. Louisville has already adopted these days. The chairman of Cleanup Days for the Federation, Mrs. John A. Stratton, is using her influence to have every Kentucky city, town, village, crossroads and back yard clean at the same time. Let us all go to it in earnest and attain unto that state which is next to godliness. Texas and Louisiana have adopted this "simultaneously clean" plan and while we have not had the distinction of leading in the idea, let us follow gracefully.

Lame Shoulders is nearly always due to rheumatism of the muscles, and quickly yield to the free application of Chamberlain's Liniment. For sale by Chas. C. Davis.

THE WISE FARMER.

There was a man in our town
And he was wondrous wise
He knew that if he wanted crops
He'd have to fertilize.
Its nitrogen that makes things
green
Said this man of active brain;
And potash makes the good strong
straw,
And phosphate plumps the grain
But its clearly wrong to waste
plant food
On a wet and soggy field;
I'll surely have to put in drains
It'll increase the yield.
And after I have drained the land
I must plow it deep all over;
And even then I'll not succeed,
Unless it will grow clover.
Now acid soils will not produce
A clover sod that's prime,
So it I have a sour soil
I'll have to put on lime.
And after doing all these things,
To make success more sure,
I'll try my very best to keep
From wasting the manure,
So I'll drain, and lime, and cultivate,
With all that that implies;
And when I've done that thoroughly
I'll manure and fertilize.

Ohio State University.

ALMOST A MIRACLE.

One of the most startling changes ever seen in any man, according to W. B. Holsclaw, Clarendon, Tex., was effected years ago in his brother. "He had such a dreadful cough," he writes, "that all our family thought he was going into consumption, but he began to use Dr. King's new discovery, and was completely cured by ten bottles. Now he is sound and well and weighs 218 pounds. For many years our family has used this wonderful remedy for Coughs and Colds with excellent results." It's quick, safe, reliable and guaranteed. Price 50 cents and \$1.00. Trial bottle free at Chas. C. Davis.

April 1, 1912.

MT. VERNON SIGNAL,
Mt. Vernon, Ky.

Mr. Editor:—

As this is all fools day, I decided to write you another fool letter. It is about the time of year for all animals to shed their last year's coat and by nature take on another just like the old one, but as the highest species of animal, the human, we should surpass that. Why should we not "shed off" all our foggy, tight-fisted and narrow minded ideas, and clothe ourselves (I mean men and women of Rockcastle) with the cloak of progress, open up our hearts and pocket books, lumber up our tongues and hands and show to the world that we are not merely filling space, that when life's journey shall live indeed with us, that the world shall be bettered by us having lived in it. If not where is our usefulness? Why not every man and woman make for themselves a monument somewhere in Rockcastle, that after death the world can inscribe on it the inscription "Well done thou good and faithful servant".

It is not some of our living friends may cause Mr. George Owens to carve on a marble slab, which marks that "six foot of earth" that we would hardly be entitled to, an inscription that would be an injustice to the world. Now as the Agricultural educational train has run let us resolve to put our shoulders to the progressive wheel and grind it at least one turn in 1912. I will admit of some progress but not as much as we might have made.

Life is short at its longest and if we don't keep at work all the time our nonuments may not reach beyond the skies. While I am interested in all progressive movements, you all know the one I am particularly crank on, and to get it, all other good things will follow. I want to suggest a plan by which I think a great deal of good can be accomplished

among our people and I want to solicit the help of all the good ladies of the county in giving it a trial. If you will co-operate Stanley Payne who has been with us it will inspire the few men that are making a fight for improvements in Rockcastle.

I do not want to criticize but a thought for the good ladies of Mt. Vernon to consider. Would not your reward be just a little greater if you would turn your attention to the wants and needs of Rockcastle and her uneducated and ignorant people? than to give your attention to Japan or some other foreign country. We need plenty of work at home.

Under Judge Williams' administration this county purchased two road graders, but having to draw them by horses at that time almost prove a failure, but we can do better now.

About all of the Western half of the county and a large part of the eastern half could very easily be graded, and if properly done, would be a good road at least nine months in the year and not get very bad at any time. My plan is to have a Good Roads and Domestic Science Basket dinner picnic, in each magisterial district in a suitable place to make a demonstration. Hire a traction engine hitch it to a grader, and after the men in the crowd have cleared the right of way of trees, stumps and rocks, grade about 1/2 mile of road while the ladies were holding a session of Domestic science. At 12 o'clock have a basket dinner. After which have speech making by Judge L. W. Bethune, Atty. S. D. Lewis and other members of the Fiscal court, and as many others as would say something to incourage improvement. Then inspect new piece of road and part, better prepared to fight for the right.

A prearranged program published in SIGNAL a few weeks before each meeting would be a good idea, naming all the speakers.

Now Mr. Editor if this plan has any endorsement by you or any of the readers of your paper let me hear it through your paper.

Yours very truly,
An April Fool,
P. H. SHUTTS.

THE DANGER AFTER GRIP lies often in a run down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys often follows an attack of this dreaded disease. The greatest need then is Electric Bitters, the glorious tonic, blood purifier and regulator of stomach, liver and kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system and restore the health and good spirits after an attack of Grip. If suffering, try them. Only 50 cents. Sold and perfect satisfaction guaranteed by Chas. C. Davis.

ORLANDO

Mrs. W. T. Sharp and children of Paris, were visiting relatives near this place from Friday until Monday last. — Aunt Flora Laswell is improving. — Miss Minnie Riddle, of East Bernstadt, was visiting relatives near Cove last week. — Sherman Moore, Floyd and Dovie Ramsey, of Mt. Vernon were visiting their grand-mother, Mrs. O. J. Bryant, near Cove, last week.

The baby of J. B. Proctor is improving. — There has been lots of sickness in this vicinity for the past two months. — The farmers are out watching for the sun to shine so they can get their plows started. — D. M. Singleton is doing a great spoke business in Brush Creek. — J. M. Laswell was in Wildie one day last week to see one of his old friends, Albert Reynolds. He says Albert is in a very bad condition. — Uncle John Robinson continues about the same. — Uncle Sap Owens was in Brush Creek one day last week on business. — Mr. and Mrs. Pal Moore, of Louisville, are with home folks near this place. Will return to their home Sunday. — Mr. G. H. Evans and Mr. J. C. Cain were down from Richmond Saturday. — The Holy Rollers had a rolling time at Cove school house last Sunday. — Mrs. Maggie Laswell is in Rich-

mond this week. — Ramon Mullins and Willie Shepherd were at home Saturday until Monday. — Stanley Payne who has been studying telegraphy at this place returned to his home near Disputanta last Sunday. — U. G. Singleton, L. & N. agent at Hiattsville is with homefolks for a few weeks. — The Winchester Granite Co., at Dudley, expects to start their brick plant in a few days. — Abe Evans has gone to work with the Bridge crew again at Shaughan, Ky. — G. G. Robinson and Chas. B. Anderson made a flying trip to Mt. Vernon Monday. — F. S. Mullins, of Spider, was in Brush Creek Monday and Tuesday on business.

— Miss May Evans was the guest of Miss Gertie Evans Sunday. — It rains so much that the people can't make any speed in getting their gardens out.

Constipation brings many ailments in its train and is the primary cause of much sickness. Keep your bowels regular, madam, and you will escape many of the ailments to which women are subject. Constipation is a very simple thing, but like many simple things, it may lead to serious consequences. Nature often needs a little assistance and when Chamberlain's Tablets are given at the first indication, much distress and suffering may be avoided. Sold by Chas. C. Davis.

LEVEL GREEN.

Mr. and Mrs. D. R. Gentry and little son, Robert, spent Saturday night and Sunday with Mrs. Gentry's mother. — Mrs. Georgia Rice, of Colorado, was the guest of Dr. and Mrs. G. B. Lawrence from Sunday till Thursday. — Mrs. Lawrence accompanied her to Mt. Vernon. — Mrs. W. H. Mullins and mother Mrs. A. C. Sowder spent Sunday with Mrs. J. N. Brown.

Wm. Hurst was in Pine Hill Saturday and Sunday attending a 5th. Sunday meeting. — A number of the farmers from here met the special train Saturday and J. L. Hasty purchased a fine sheep, paying \$20 for it. — Mrs. W. E. Beatty, of Corbin, is spending a

few days with her mother Mrs. Mollie Hatcher. — Estili Price, our hustling merchant is paying 17 cts. for eggs this week. — Willie Shutts who is in school at Mt. Vernon visited homefolks last week. — Most of the farmers of this part are getting along fine with their work. Most all of them are farming extensively. — Mr. J. B. George and family, of Etina, were with Mrs. M. E. Price Sunday. — Dr. Isaacs, of Plato, was in Level Green Sunday, there is some talk of him moving here. — Miss Georgia Gentry after spending the winter with her grandmother here has returned to her home at Quail Ky.

Mrs. Goffe, of Walnut Grove, spent a part of last week with her sister, Mrs. Mary Jane DeBord, who was very sick but is some better now. — Dr. G. C. Price and family will leave the 10th. of this month for Illinois. Grover is a splendid young man and we trust he will prosper in his new location. — There is a great deal of sickness in this vicinity, the sick are M. M. Brown, Chas. Vanhook, Mrs. W. F. DeBord and Ora M. Brown. — J. W. Mullins who is telegraphing at Livingston is visiting relatives here. — There will be services at the M. E. Church beginning next Sunday night and will continue till Tuesday it being quarterly meeting.

ROYAL
Baking Powder

Absolutely Pure

Makes Home Baking Easy

With minimum trouble and cost biscuit, cake and pastry are made fresh, clean and greatly superior to the ready-made, dry, found-in-the-shop variety, and danger of alum food is avoided.

Pittsburgh Perfect

AMONG the 145 styles and sizes of "Pittsburgh Perfect" Fence shown in our new catalogue, the fence user can now obtain fencing perfectly suited to his particular requirements. "Pittsburgh Perfect" is the most adaptable, portable, durable and resultful of all wire fences, and gives absolute satisfaction because, coupled with our ripened manufacturing experience, it is the culmination of close and exhaustive study and investigation of farmers' needs along lines of up-to-date agricultural methods and equipment.

Open Hearth wire, like old time iron wire, is used exclusively in "Pittsburgh Perfect" Fence, and is galvanized with a thorough and even coating of pure zinc, which resists rust for the longest time. All line and stay wires are ELECTRICALLY WELDED at every contact point, producing a perfect amalgamation of metals, and doubling the strength of the fence at the joints. This feature is found only in "Pittsburgh Perfect" Fence, and makes it unequalled for toughness, strength, and economy in weight and price.

Every Rod Guaranteed Perfect
Adapted to every FIELD, FARM, RANCH, LAWN & POULTRY purpose
